Administrative Assistant

June 12, 2020

Dear Parents/Guardians:

Keep the learning going! Suffield Schools is offering two different virtual summer learning programs for students to continue to develop their literacy and numeracy skills. You are welcome to participate in **both** programs.

### **Program 1- Live/Recorded Grade Level Lessons**

We are running four one-week sessions from **July 6, 2020 - July 31, 2020**, in English language arts (ELA) and math. Parents may register students for either literacy or numeracy sessions, or **both**. This includes two live and interactive sessions on Mondays and Fridays and three recorded lessons each week on Tuesdays, Wednesdays, and Thursdays, all targeting crucial skills. Live sessions will include a mini lesson and a demonstration of understanding.

Lessons each week will cover the following topics:

#### ***Students exiting Kindergarten***

**ELA: Ms. Abby Bowtruczyk**  
**Live Lessons 9:30 a.m. M/F**

**Math: Ms. Laura Chicorka**  
**Live Lessons 8:30 a.m. M/F**

Week 1 July 6 - 10

Reading Bonanza

Numbers, Numbers Everywhere!

Week 2 July 13 - 17

Fun with Phonics

Wonderful Numbers and Words 1

Week 3 July 20 - 24

I have a question!

Wonderful Numbers and Words 2

Week 4 July 27 - 31

Get ready to Retell &  
Let's have fun with Story Elements

Powerful Place Value! Teen Numbers

#### ***Students exiting First Grade***

**ELA: Ms. Amber Lonardo**  
**Live Lessons 9:30 a.m. M/F**

**Math: Ms. Brooke Schomburg**  
**Live Lessons 8:30 a.m. M/F**

Week 1 July 6 - 10

Let's Blend!

Powerful Place Value!

Week 2 July 13 - 17

Excellent Endings!

Adding Big Numbers!

Week 3 July 20 - 24

Really Amazing Retells

Action in Numbers and Words 1

Folktales, fairy tales, fables, oh my....

Is it Odd? Is it Even?

Week 4 July 27 - 31

Building our Reading  
Muscles: Main Idea & Details

Magnificent Multiplication

**Sign up for week long sessions here:** [Summer School Live/Recorded Lessons Sign Up](#). Your teacher will contact you with the SeeSaw class code.

**Program 2: DreamBox Math and Lexia Literacy**

Students may continue to build skills during the summer using **DreamBox** for numeracy skills and **Lexia** for literacy skills. Students received log-in accounts during the school year for DreamBox and Lexia. We would like to encourage all students to continue to engage with these programs weekly. Mrs. Jess Marzi will be online one hour a day from 9:00-10:00 a.m. to support families with any technology issues regarding these programs. Mrs. Marzi will also be sending program certificates, should your student earn one, to your student's suffieldstudent.org account. It is recommended that students complete approximately five DreamBox lessons per week and complete the posted minute goals provided through the Lexia program. For questions, login help and troubleshooting advice, email Mrs. Marzi: [jmarzi@suffield.org](mailto:jmarzi@suffield.org).

Program 2 does not require a sign up. Simply have your student continue to log in to their DreamBox and Lexia accounts and utilize the programs this summer. Mrs. Marzi will help you keep track of your progress.

The Suffield School District is excited to partner with parents to prepare students for next year with this Summer Learning Opportunity.

Sincerely,

Michelle Zawawi  
Assistant Superintendent
