

Series 6000 – Instruction

1. Elementary and Secondary

D. Curriculum

(1) Curriculum Design/Development/Revision

(f) Credits for College Coursework

The Board of Education encourages students to advance academically at a pace appropriate for them. Therefore, it shall permit advanced placement in college, either on a full or part-time basis, for high school juniors or seniors who are exceptionally able and motivated academically.

The administration shall develop, and the Board of Education shall approve, criteria and regulations for acceptance of college course work for high school credit.

When such individual programs meet with the approval of the school principal, the student may be released from high school attendance on a full or part-time basis, and shall be awarded a high school diploma after evidence is received that s/he has met, through college work, all necessary academic requirements for graduation. The Suffield Board of Education is not responsible for any tuition or related fees incurred by college attendance.
