

Join Our Suffield STEM Scouts

Info and Joining Night

WHEN: Wed, June 12 **TIME:** 5:30 - 6:30 pm

WHERE: Suffield Middle School **Media Center**

350 Mountain Road, Suffield CT

AGE GROUP: Grades 6-8 (1x lab with a total of 15 kids only)

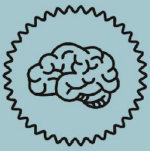

THEY'RE SMART.

LET'S MAKE THEM EVEN SMARTER

*Developing the genius
in every child while
nurturing and
creating safe
environments for
life-long learners.*

STEM SCOUTS AT A GLANCE:

- Weekly Labs, grouped by elementary (Gr 3-5), middle (Gr 6-8), and high school with STEM related field trips and movie nights.
- 3-4 Modules per year focussed in different STEM areas such as chemistry, electronics, aerodynamics, robotics, archeology, astronomy, magnetism, physics, etc. Each module divided into 4- to 6-week labs.
- All lessons are created by STEM educators. Curriculum designed using the pathway model for a structured educational experience.
- Lab leaders teaching, assistant lab leader helping with preparations, and 1 parent helper per 4 students facilitating the process.
- All experiments are student led, while taking turns executing steps.
- Short-term professional volunteer opportunities presenting industry related labs while sharing your passion with young minds.
- Students earn online badges for every lab completed.
- Program fully parent run and funded. **THIS IS NOT A DROP OFF PROGRAM**

GROW NEW SKILLS

STEM Labs are a chance to be creative, develop leadership, problem

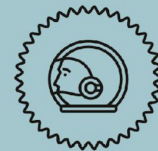

solving skills, teamwork and communication skills. Learn to think like a STEM innovator eager to solve the **problems facing our world.**

LEARN BY DOING

Weekly STEM Innovator Moments related to our hands-on labs

showing real professionals sharing their experiments of new technologies, medicines and ideas **changing the lives of others.**

PREPARE FOR THE FUTURE

Learn mentoring and research skills, collaborate and

participate in group projects, prepare for exhibition, and publish your ideas in a peer-reviewed online journal **finding your passion.**
